

JHON REY D. LABANON

Annex 35, Barangay Don Bosco
Paranaque City, Metro Manila, 1711
09770894350 | labanonjhonrey@gmail.com

PROFESSIONAL SUMMARY

Detail-oriented 3rd-year IT student with hands-on experience in web-development, system design, and user-focused problem-solving. Proven ability to translate real-world challenges into functional digital solutions through academic and self-directed projects. Seeking an IT internship to apply technical skills and contribute to meaningful projects.

SUMMARY OF QUALIFICATIONS

- Strong analytical and problem-solving skills developed through hands-on academic projects.
- Ability to work collaboratively in team-based development environments.
- Proficient in both front-end and knowledge on back-end
- Experienced in documenting system processes and creating user guides.
- Excellent written and verbal communication skills for technical and non-technical audiences.

PROFESSIONAL SKILLS

- System Design & Analysis
- Database Management
- Technical Documentation
- Troubleshooting & Testing
- UI/UI Design

Bachelor of Science in Information Technology
Relevant Coursework: Systems Analysis & Design and
Web Development

**2022 – Up to
Present**

PROFESSIONAL DEVELOPMENT

Data Science Training Seminar | Rizal Technological University
“Exploring Arduino: Hardware & Sensors” Technical Webinar |
Rizal Technological University

**2025
2025**

ACADEMIC ACHIEVEMENTS

SENIOR HIGH SCHOOL

- Graduated "With High Honors"
- Grade 12 – With High Honors
- Academic Excellences Award
- Best in Communication Arts In English
- Best in Computer Programming
- Best in Natural Sciences
- Best in Entrepreneurship
- Best in Physical Education
- Best Group in Research
- Best in PE & Health
- Best in Communication Arts Filipino
- Best in Natural Sciences
- Best in Mathematics
- Grade 11 – With Honors

JUNIOR HIGH SCHOOL

- Grade 10 – With Honors
- 1st Place in "Pagsulat ng Sanasay"

ACADEMIC PROJECTS

Barangay Documentation Processing System | Self-Directed Project | *Current*

- Currently developing a web application to modernize and digitize manual barangay processes (e.g., permit issuance, record tracking).
- Applying principles of system analysis, database design, and user experience (UX) learned in the academic curriculum to a real-world problem.
- **Backend:** React, Node.js, Express, Nodemailer,
- **DataBase:** Mysql2/promise.
- **Frontend:** HTML5 & CSS3, Tailwind CSS

2D Adventure Game | Game Development Course Project | December 2025

- Designed and developed a 2D game from concept to completion, implementing core gameplay mechanics, character controls, and level design.
- This project honed logical problem-solving, attention to detail, and the ability to work within a structured development lifecycle.
- **Technologies / Tools:** HTML5, CSS3, JavaScript, Three.js, Node.js and Electron

Local Government Transparency Portal | *Course Project for DBMS* | Nov 2025

- Built a website to increase transparency by displaying barangay projects and activities, focusing on clear information architecture and public accessibility.
- **Technologies / Tools:** HTML5, CSS3, JavaScript, PHP, Node.js

Tourism Vacation Planner System | *Course Project for Integrative Programming* | Nov 2024

- Collaborated in a team to develop a system for planning tourist itineraries, strengthening skills in collaborative coding and project management.
- **Technologies / Tools:** HTML5, CSS3, JavaScript, PHP, Node.js

Student Attendance System | Capstone Project | SHS (2023)

- Implemented a unique ID code verification method where students entered personalized codes from their school IDs to log entry into school premises, replacing manual attendance sheets.
- Served as a final requirement for the Research 2 subject and a formal proposal submitted to the school's innovation committee.
- **Technologies / Tools:** Python, Excel
